SUMMARY

Passionate Web Developer aiming to create intuitive, responsive, and visually appealing web applications. With strong collaboration and problem-solving skills, I am committed to making a meaningful impact and am eager to find a position that aligns with my passion for technology and innovation.

EDUCATION

Bachelor Of Computer Science And Engineering

- SNS College of Engineering — 2022–2026

Higher Secondary School

- S H N V Higher Secondary School, Sivakasi — 2020–2021

TECHNICAL SKILLS

Languages/Frameworks: HTML, CSS, JavaScript, Node.js, Express.js.

Tools: Figma, Canva, GitHub, Visual Studio, MS Office

Soft Skills: Critical Thinking, Adaptability, Collaboration, Time Management

Languages: English, Tamil

EXPERIENCE

Full-Stack Development Intern — ST software solutions

Motivated MERN Stack Developer Intern with hands-on experience in building full-stack web applications using MongoDB, Express.js, React.js, and Node.js. Currently working on real client projects at ST Software Solutions, developing responsive user interfaces and RESTful APIs.

PROJECTS

AI-Based Stock Market Analysis and Prediction System

Developed a web-based stock market analysis system that helps users understand stock performance and make informed investment decisions. The system collects historical stock data and analyzes market trends, technical indicators, and economic factors to generate insights and suggestions.

Smart chat UI

Designed a user-friendly chatbot interface that displays responses in an editable format, allowing users to modify the output before saving. Implemented basic functionality to store the final edited data in a database, focusing on clean UI design, smooth user interaction, and proper data handling.
